

PUB invites you to visit the Marina Barrage

When: Saturday 16 Jul 2022

Time: 3:30pm (Bus leaves MBS at 3:30pm sharp)

The Marina Barrage features the concept of multifunctional use and showcases how PUB integrated an otherwise ordinary infrastructure into an iconic development along Singapore's coast. Participants will learn how the Marina Barrage was designed holistically to achieve the objectives of water supply, flood alleviation and provision of a recreational and lifestyle venue, while performing its function as a barrage at the same time.

Further information can be found at <https://www.pub.gov.sg/marinabarrage>

This site visit is organised by PUB as part of the WCRP Sea Level Conference.
